Hi Miranda,

Please review my edits and comments on the attached QAPP to make sure they are appropriate before passing it on—I made comments on the entire QAPP including references. I completed the first three modules of the modeling webinars and thought it would be helpful to my learning to carefully review this QAPP (as well as because I am to sign the QAPP).

Also may want to add a task to the next TD on revisions to the QAPP and technical memorandum as needed.

Regards,
